

Additional Comments Regarding The Prairie Doc Media:

"My husband and I are both heart patients so we really appreciated this episode. Dr. Hibbard explains things so well and he is a down to earth kind of person. Always enjoy you, Dr Holm. -J.K.

"This is not a question - just a comment on the benefits of music therapy - a "previously recorded" session I am watching. Music has always been a big part of my life. I played piano at a care center in a small town in South Dakota. At that time, there was a resident who had severe Parkinson Disease, and it was difficult to understand his words in a normal conversation. However, when he sat down at the piano with me, he sang the old gospel songs clearly and EVERY word could be understood!! Thanks so much for your helpful and inspiring TV programs." -S.S.

"No church today, so I grabbed my morning coffee to see if there was anything inspiring on TV. And low and behold, there was. Rivaling Oprah's Super Soul Sunday, was watching Dr. Rick Holm vibrantly interviewing another notorious doctor on hormone imbalance. My heart soared to see you looking and sounding fabulous. Funny note, I did have a question and fervently tried to get through to your switchboard. Then I realized the live broadcast was last Thursday. :-) Our region is blessed to have you, and I wish to see your continued, meaningful work go on and on and on..." -R.K.
